WALKERS

Walkers' External Client 360 Cookie Policy

What is a cookie?

Cookies are text files containing small amounts of information which are downloaded to your device when you visit a website. Cookies are then sent back to the originating website on each subsequent visit, or to another website that recognises that cookie. Cookies are useful because they allow a website to recognise a user's device.

You can find more information about cookies at:

www.allaboutcookies.org

www.youronlinechoices.eu

Cookies do lots of different jobs, like letting you navigate between pages efficiently, remembering your preferences, and generally improve the user experience. They can also help to ensure that adverts you see online are more relevant to you and your interests.

Cookies on our Portal

Walkers' Client 360 Portal uses cookies. We have listed the cookies we use below as well as what they are used for and how long they are stored.

Cookies Acceptance – If you choose to opt in to accept cookies on our site, we store a cookie so that we can remember your choice and we don't have to ask you every time you visit our site.

Cookie name	Description	Type	Lifespan
Walkers360PortalCookieAcknowledgeDate	Used to record consent preference for cookies	Persistent	1 year

Strictly Necessary Cookies – To log into Walkers' Client 360, we require cookies to be placed on your device. These cookies are required to authenticate your access to the secure area of our site. Disabling these cookies will not allow for your access to be authenticated and you will be unable to log in.

Cookie name	Description	Type	Lifespan
Walkers360PortalAuthCookie	Stores user information for the signed in user	Session	20 minutes
Walkers360PortalTwoFactorCookie	If your account is configured to require two factor authentication, this cookie enables the application to temporarily store user information when you are verifying the second factor in the two-factor authentication process.	Session	15 minutes
